SOME SYMPTOMS

That Point to Better Conditions of Business Affairs.

L'PWARD TENDENCY OF STOCKS

A More Cheerful Tone Prevails on Wall Street-Crop Situation is Very Satisfactory-A Marked Improvement Noted to Industrial Lines, while the Export Trade Continues Large-Better Demand

NEW YORK, June 19 .- At times during the week the stock market showed reactionary symptoms. Prices have unsince the beginning of the year, and under ordinary conditions free realizing might be expected. A good deal of proof the more intrepld bear operators ventured putting out fresh short lines, but only with the effect of strengthen-

unusual that ordinary standards of judgment must be applied with care. It is true prices have scored a hand-some rise, but that does not mean that the limit has been reached. We have but just begun to emerge from very unusual drawbacks; from a combina-tion of political and economic derangetion of political and economic derangements such as are only experienced at rare intervals. Those who calculate, therefore, upon a rise of only ordinary proportions are likely to be agreeably disappointed. The market has fairly started upon an upward course, and it is likely to continue so for some time to come, accompanied of course by fluctuations and reactions incidental to any fair degrees of activity.

Thus far Wall street has merely discounted returning prosperity, The improvement in business at present is greater in sentiment than in fact. The very adoption of a more cheerful tone is however likely to become a powerful aid to business revival. Already there are signs of actual improvement.

redit resulting from the silver craz excessive moisture: but in spite of reachs there is every prospect of dance. In the agricultural sections are country trade reports are favor-Merchants are in a position to up more freely, and the farmers gradually getting out of debt; in in some portions of the west they in a better condition, financially, in many years Cheap freights often more than compensated for prices.

industrial situation is also im The industrial situation is also im-moving, and this is a factor of in-easing importance to Wall street, in ew of our rapid development in this rection. The iron trade, generally unidered a fair business barometer, lows increasing activity; some large ders for pig iron, bar iron, etc., hav-g been placed at the western markets, here prices are low but firm. A better unand is also developing for staple itten and woolen goods, and in some stances a moderate advance in values

Reactions may be expects will be light, and the trend will be unmistakably upwar time to come barring. urae, unforeseen disaster. HENRY CLEWS.

Wool.

Bradstreets: There is a good demanyet for foreign wools, and liberal lines are being taken at old prices. Buyers will operate freely at the market, but any advance asked is sufficient to cause them to draw off. The better demand is due to the improved outlook for a tariff bill being passed, and is entirely of a speculative character. Australian wools maintain the lead, while South American cross breeds are being taken freely, as well as lines of scoured foreign on the market. Carpet wools are firm and attracting more attention. Domestic wool is feeling the effects of the better inquiry, and sales of territory are larger at the former basis of quotation. Pleace wools are in level supply, dull demand and nominal in price. are being taken at old prices. Buyers

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky or other intoxicant, but acts as a tonic and alterative, it acts mildly on the stomach and bowels, contains no which of which determined it acts as a topic and alterative. It acts mildly on the stomach and boyels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions Electric Bitters, is an excellent appetizer, and aids digestion. Old people find it just exactly what they need Price fifty cents and \$1 per bottle at Logan Drug Co.'s drug store.

HEALTH HINTS.

Truth Tritely Told Without Varnish or

"Stomach deranged, system derang-d." Physicians affirm it, facts prove The sufferer from stomachie trouble proves the foregoing statement. The proves the locegoing statement. The stomach is the mill that grinds the food that sustains the body. The slightest ailment interferes with its workings and all becomes wrong. It is the immediate ailment that one must guard against. The most common forms of stomach troubles are wind on the stomach, indigestion, colic, sour stomach, etc. Lightning Hot Drops is a remedy that immediately and absolutely affords relief, and in every case effects a permanent and lasting cure. Where Lightning Hot Drops is found, stomachie troubles cease to exist. It has cured thousands of obstinate and unyleiding cases, and it will cure others. It has never, in any instance, failed, Lightning Hot Drops stands to-day without a peer, a proceless remedy for sufferers from all stomach troubles. It is put up and sold in 25 and accent sizes. stomach is the mill that grinds the food

FINANCE AND TRADE

NEW YORK, June 18.-Money on call easy at 1@1% per cent; last loan 1 per cent, closed at 1 per cent. Prime mercantile paper, 364 per cent. Sterling exchange firm and quiet, with actual business in bankers' bills at \$4 87%@4 87% days. Posted raics, \$4 8512674 87 and \$4 8894 8812. Commercial bills, \$4 8514. Silver certificates, 60% 0 60%. Bar silver. 60%. Mexican dollars, 47%.

There were evidences to-day of mark-There were the market for securities, of prices was at times mi and the level of prices was a true erially above yesterday's close. Some tocks held a net advance pfull the close of the market, but some prominent hares sold off to yesterday's close or beometic department of the day's rading.

The grangers were an example. Very marked strength was developed in some conspicuous cross due to special cames, and this was austaining factor in the market. But powerful professional traders are operating on the conviction that a general reaction is due or overdue in the market and they are warchful to take profits or to join the short side. London buying and good crop reports were against this element to-day, as was the general outlook for business and the aggressive strength of special stocks.

stocks.
But they found an effective instrument in the apprehension due to the sharp stiffening in the sterling exchange market and the announcement of gold exports—\$350,000 for to-morrow and \$500,000 for next Tuesday. The special demand for exchange is said to be due to July remittances for dividends and interest payments on securities held abroad, and for other half-yearly payments. But the statement of the week's imports of dry goods at New York shows them to be valued at \$3,385,102, an increase of \$433,750 earliest week. This foreshadows an increase in the imports of general merchandise also, as has been indicated by the larger receipts from customs by the United States treasury as reported from day to day. Imports of noh-dutiable articles, such as wook, continue heavy.

Although London has bought stocks here to-day sales for London account have been quite large during the week. These facts are all harped on by the bears as indicating that the outgoing gold movement is likely to continue for some time yet. The dealings were somewhat better distributed to-day, Although the volume of dealings in sugar, Chicago gas, St. Paul and Burifigion was far in excess of that in any other stock, the number of stocks in which a thousand shares or over were sold showed an increase, and many inactive stocks were stirred.

In the railway list Missouri Pacific cont. stocks.

But they found an effective instru-ment in the apprehension due to the

showed an increase, and many inactive stocks were stirred.

In the railway list Missouri Pacific scored the extreme advance of 1½ percent and reacted % per cent. Net changes in the railroads were small either say, some showing gains and some losses. Western Union and Manhattan were also quite strong, the former selling ex-dividend, and both held practically all the advance. Some of the extreme advances in the day, all partly lost in the subsequent reaction, were St. Joseph and Grand Island first preferred. St. Consolidated gas, 3: Iowa Central preferred. 2. the latter reacting 1½, and a point or over in sugar, Tobacco preferred (with the gain held). Bay State gas, Chicago gas, lowa Cen-

tral, Susquehanna and Western, Oregon Navigation, Tennessee Coal and Iron, and Spirits preferred. Tobacco, Standard Rope, the Reading stocks and Union Pacific were notably weak, and scored sharp net losses.

The bond market displayed a broadening tendency and general improvements were registered in the more prominent issues. Profit-taking was discernible in some of the speculative liens, but the offerings were well absorbed and a higher range of values established. Standard Rope 6s were notably heavy and yilded 2 per cent to 65. The aggregate sales were \$1.894,000.

Government bonds hardened slightly on light purchases. The sales were

cial cablegram says: The stock markets were very dull to-day on the approach of the jubilce, the only feature being the

hanges of feeling to-day. The first and

the most favorable kind for both winter and spring wheat. The Atlantic port clearances were small, the quantity of wheat being only 60,138 bushels, and of flour the equivalent of 125,009 bushels. The closing cables made the net advance for the day at Liverpeol ½d. The duliness of speculative trading, the favorable weather for the domestic crops, the small exports for the day, and the changing of the long holdings of July to September combined to wear away the hope of permanent improvement which the opening advance of Liverpool had raised. Prices began to drop, and July bad gone down to 68½e by 11:30 o clock.

hisky-Distillers' finished goods, per on \$119. Sugars-Unchanged. utter-Firm; creamery 12@14½; dairhisky-Distillers imissed goods, be gallon \$119. Sugars—Unchanged. Butter—Firm; creamery 12@14½; dair ies 9@12c. Cheese—Quiet at 7%@8%c. Eggs—Steady; fresh 8½c. The leading futures ranged as follows:

Open- | High- | Low- | Clos-ing. | est. | est. | ing. 18%

NEW YORK—Flour, receipts 10.333 barrels; exports 10.819 barrels; market steady, but quiet. Rye flour quiet. Cormeni dull; yellow western 57c. Barley at 273@28c. Barley malt dull. Wheat, receipts \$5.550 bushels: exports 40.307 steady, but quiet. Rye flour quiet. Cormeal dull; yellow western 57c. Barley at 27%,628c. Barley malt dull. Wheat, receipts 85.550 bushels; exports 40.207 bushels; spot market quiet; options opened stronger on the advance in Liverpool, sold off under promising crop indications, but finally railled on covering and closed \(^4\)\(^6\)\(i packages; market steady; western mery 11616c; Egins 15c; factory 11014c. TOLEDO—Wheat quiet and higher:

weak at 1950.

TOLEDO—Wheat quiet and higher;
No. 2 cash and June 84%c; July 71%c.
Corn dull; No. 2 mixed 19c. Rye quiet;
No. 2 cash 35c. Cloverseed inactive; No. 2 cash 35c. prime cash \$4 2215.

CHICAGO—Trade in cattle active at the recent decline in prices. Choice beeves were scarce, and sales were mostly at low prices. Common to choice native beef cattle sold at \$3.60@5.00, chiefly at \$4.00@4.75, with a good many sales below \$4.00. Choice heavy dry fed cattle were scarce, and sales at \$5.00@5.50 were extremely small. Sales of bulls were largely at \$2.50@3.50, and comparatively little was done in cows and heiters above \$3.75. Choice lots of calves sold for \$5.75@5.\$5. Stockers and feeders sold at \$3.25@4.25.

if or \$5.7590 if at \$3.25@4.25, there was an active demand, offerings were well taken at urices, the market ruling av later. Hogs sold

at \$2.2564 00; Texas and western pre-dominating.
Recelpts-Cattle, 3,000 head; hogs, 32,-000 head; sheep, 5,000 head.
CINCINNATI-Hogs active and low-

er at \$2 859/3 45. Cattle dull and weak at \$3 35@4 75. Sheep steady at \$2 25@3 75; lambs weak at \$3 50@5 15.

NEW YORK—Market confined to certain lines, an "all-round freer" feeling is noted. The buying contingent is on the lookout for some lines of fall goods, and outside of these are cautious operations. Cottons quiet at previous prices. Print cloths continue to sell freely. The sale of 5,000 extra spot at 2.7-16 plus 1 per cent was reported yearday afternoon. Immediately following it was the sale of 38-inch 60x64 cloths at 2.9-16c, which shows a slightly better quotation than 2½c, the former price. Printed goods fairly active. Fall fancies continue to sell well, and prices are reported to be more liberal. Ginghams in staple lines are fairly active. Woolen goods show no change. Dry Goods. September combined to wear awily the hope of permanent improvement which the opening advance of Liverpool had raised. Prices began to drop, and July had gone down to 68½ by 11:30 o'clock Some cash business for prompt shipment was reported. But its quantity was not large enough during the forenoon to relaforce the bulls. Later the cash business reported at 25,600 bushels, and the speculative market began to improve. What contributed chiefly, however, to the strength with which the market closed was a renewal of the rumor connecting the name of Armour with the July deal. This drove shorts to cover in a hurry, July advancing to 68% 1690 by closing time.

Corn was firm at the opening with wheat and the cooler weather here. Advices from the country, however, showed such a marked improvement in crop prospects that the trend of prices was downward during the morning. Later in the session a good export demand was reported, and when wheat commenced its final bulge corn followed, the market ruling quite firm during the last half hour. Local receipts, were 461 cars.

Provisions opened lower on the harpe hop receipts. Prices held comparatively firm for awhile, but later the market grew radically weak not a general selling and pior support, the close being near the bottom of the day's range. The selling was apparently caused by the disappointing cash demand. At the close July pork was 169116 lower at \$7.40, July lard Sc lower at \$2.61 and July 1955 to lower at \$2.62 and 50.00 and \$2.00 and \$2.0

Metala.

NEW YORK—Pig fron quiet; southern \$9 25@10 50; northern \$10 00@12 00 Copper strong; lake brokers' \$11 12%; exchange \$11 00@11 12%. Tin strong; straits \$14 00. Plates easy. Speiter steady at \$4 25@4 35. Lead firm; exchange \$3 40@3 45; brokers' \$3 20.

NEW YORK-Pennsylvania crude steady; July, 85c bid.

NEW YORK—Wool firm.

MR. ISAAC HORNER, proprietor of the Burton House, Burton, W. Va., and one of the most whelly known men in the state, was cured of rheumatism after three years of suffering. He says: "I have not sufficient command of language to convey any idea of what I suffered, my physician told me that nothing could be done for me and my friends were fully convinced that nothing but death would relieve me of my suffering. In June, 1894, Mr. Evens, then salesman for the Wheeling Drug Company, recommended Chamberlain's Pain Halm. At this time my foot and limb were swollen to more than double their normal size and it seemed to me my leg would burst, but soon after I began using the Pain Balm the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured. For sale by drugglats.
